To whom so ever it may concern

From August-2019, KSEAB is issuing migration certificates of 10th standard graduates of its affiliated schools on-line. As the certificates are computer generated, signature is not needed. However, authenticity of the issued migration certificate can be checked instantly, once again through on-line, using the link mentioned in the migration certificate and entering the migration certificate number.

Head of the institutions who receive this type of migration certificates may please note this and requested to co-operate with digitization of KSEABs activities undertaken under Pragathi-10.
